

Disappointing to be beaten, but they were a decent side. 3-2 down at half-time the next goal was always going to be vital.

Unfortunately they scored it as a pea-roller trickled through Flappers legs. After that we were pushing forward to get back in the game and left ourselves exposed.

That said we had a number of chances ourselves to have scored at least

7, but the age-old problem of poor finishing cost us.

At least we can now concentrate on the league!!
