

With both teams needing a win to be crowned champions the occasion seemed to get to Egbertians and we never really got going in the 1st half. A goal down early on Enfield were the better team and an early free kick in the second half doubled their advantage.

This seemed to relax us and we started to dominate the game without ever making the breakthrough. A series of near misses from corners and free kicks and a shot that struck the inside of the post were as near as we got.

It was disappointing but we can still be promoted if we win this week and a 12-0 victory will still see us go up as champions.
