

A real game of perhaps three halves !! We were 2-0 down early on even with the wind to our advantage. They were quicker and crisper. But we got better and deserved to get back in it. First Mark Newman slotted away a good pen.....then Paul Adshead rose high (yes he did) to head home a fine cross. 2-2 at halftime. Then the crunch came. Wind now persistent and against us. It was hard to clear the box and despite everyone rally putting in the effort we were soon 5-2 down with shots just flying in wind assisted. Heads dropped in areas for a moment.....because it's been a long hard season of playing above ourselves. BUT we did not give in. Showed real fighting quality even though two more goals went in. Stuart was a little unhappy with his attempts on a couple although in truth it would not have changed the result. Good effort boys. If we put that work rate in our own "new" league we must do well.
