

After the heartbreak of losing to Enfield and not going up as champions we started this game superbly with a series of corners and near misses. But it took a freak goal almost direct from a throw in to break the deadlock.

With only a one goal lead and needing to win to get promoted we were edgy in the second half and the equaliser came from a fortuitous and a good finish.

We went straight up the other end and won a dubious penalty which Danny Nutkins dispatched via the goalkeepers hands.

A few heartstopping moments followed and some last ditch defending, but we held on for the victory we needed.

A decent season and well done to all concerned.
